S. J. AMOROSO AWARDED AHS PROJECT CONTRACT

S. J. Amoroso Construction Co., the contractor for Albany's new city buildings, currently under construction, was awarded the contract for construction of an Arts Building, Shop Building and site work at Albany High school by the Board of Education at its meeting Oct. 12.

The firm submitted a bid of \$680,870, which was lowest of six.

Rejected by the board was an alternate bid for installation of a new boiler at the high school and deferred until its Oct. 26 meeting was the awarding of a contract for installation of lecture hall seating.

Although the architects had estimated \$637,000 as the cost of new buildings, a member of the firm of Reid and Tarlics said construction costs have risen seven per cent in recent months.

In other action, the board endorsed the bond issue for Peralta Junior college; deferred a variety of matters until the Oct. 26 meeting; authorized Counselor John

Ryan to visit West Point and Counselor William Feeny to visit the Air Force academy; approved an agreement with the Contra Costa Board of Education for instruction of severely retarded children with pro rata costs and transportation to be paid by Albany;

Commended Cheryl Jones, who won the state reality show essay contest, Kevin Keck and Kent Klemm, semifinalists in the National Merit Scholarship contest, William Porter and Frank Lander for scholarship records (up per 10 per cent of UC freshmen) and Paul Luchessa for being listed on the Dean's list at Harvard;

Noted the excellent management of Mrs. Jennie Niemela and her staff in the school cafeteria, which are on a sound financial basis.

Anyone interested in working with the PTA are always welcome.

Bogus Charity Solicitors May Be in Albany

Police Chief Ralph M. Jensen has asked Albany residents to refuse to contribute to the National Youth Crusade in case anyone comes to the door soliciting funds. The group reportedly has been making direct or telephone solicitations in communities in the area, including Albany.

Investigation by the Attorney General's office has disclosed that no funds have been spent on any child or other beneficiary of the \$3,500 collected to date, the chief said, adding nobody has benefited except the promoter.

If you are approached by anyone representing National Youth Crusade, please call Chief Jensen at LA 5-7500.

Old City Buildings Auctioned Tuesday

Albany's old city buildings were sold Tuesday morning.

Gerald Neison, manager of Albany's Mechanics Bank, bid \$78,375 for the old police and fire stations. Jim Woulfe, owner of Jim Woulfe Ford, bid \$26,500 for the city hall. There were no other bids on either piece of property although Council chambers were almost half full.

Both successful bidders bought the properties for the minimum bid set by City Council, which must approve the sales before they become legal.

Lengthy Session

Four-Man Council Upholds Denial of Adams Rezoning

It took a four-man Albany City Council almost two and a half hours Monday night to complete the business included in a two and a half page agenda. Council had not met since Oct. 4 because of the League of California Cities meeting last week.

An hour and 20 minutes was devoted to the public hearing on the application of Dennis R. Williams to rezone the lot south of 737 Adams from CE-3 to CE-4, a request which had been denied by the Planning and Zoning commission Aug. 24.

Following the public hearing, Councilman George Hein moved

to deny the request. This was seconded by Councilman Richard Clark. During the discussion, it became apparent that Mayor Lewis Howell and Councilman Joel Parker intended to vote against denial. At this point, Clark withdrew his second and Hein withdrew his motion and Clark moved to grant the rezoning, which was seconded by Hein. On the vote, Clark and Hein voted no while Parker and Howell voted yes, and the motion lost for lack of a majority. Councilman Joe Egenberger was absent.

(By changing the wording of the motion, Clark fulfilled the parliamentary procedure of "positive consideration." The request has now been considered for approval and lost, a final action. In its original wording, the motion would technically have had no action.)

Those speaking on behalf of granting the rezoning were Williams, Jerome Blank, Danny Riggle, and Mary Selph. Speaking against rezoning were Ralph Buckwalter, William Garren, H. F. Call and Joe Carlevaro. Fourteen residents of the area had signed a petition favoring the zoning.

Basically, those against rezoning said they wanted to preserve Adams and Kains for commercial expansion. It was said that in

P&Z Hearing On General Plan Tuesday Night

On Tuesday, Oct. 26, at 8 p.m. in the Albany Council Chambers, 1045 Solano Ave., Albany, California, the second public hearing on the general plan for the city will be conducted by the Planning Commission.

It is hoped that the residents and business men of the city will come to this meeting with constructive suggestions which will assist both the Planning Commission and the City Council in developing a General Plan to serve as a policy guide for growth and development within the city.

The City Council will hold one public hearing after they receive the recommendations from the Planning Commission. Notice of such meeting will be published.

Little League Benefits At Super Stop

The grand opening super sale of super hot dogs and soft drinks in the Super Stop parking lot on San Pablo this Saturday will benefit Albany Little League. Price of these refreshments will be five cents.

Little League personnel will conduct the sale.

Albany Youth Injured in Hunting Mishap

An Albany boy, Charles Stanton Winkler, 13, of 926 Cerrito narrowly escaped death Oct. 9, when he was accidentally shot in the right side by another boy who had accompanied young Winkler and their fathers on a deer hunting trip to the Blitney Springs area near Grass Valley.

Charles, an eighth grader at Albany high school, is expected home from Sierra Nevada Memorial Hospital in Grass Valley this Friday. He is doing well following surgery although doctors told his stepfather, Joseph Carozza, owner of JC Automotive Service at 666 San Pablo, that an inch either way would have meant certain death for the boy.

ONE DEAD, TWO INJURED IN WEEKEND SHOOTINGS

One man is dead and two are in the hospital as the result of two separate shooting incidents in Albany taverns within 24 hours of each other last weekend.

About midnight Saturday, three armed robbers entered the M & L tavern at 979 San Pablo Ave. Owner Joseph Casella and several patrons were ordered to hand over their wallets and lie on the floor. Albany police surrounded the place while the robbery was in progress, thanks to a silent alarm. They called for assistance from El Cerrito and Berkeley.

In the confusion which ensued when the robbers realized they were surrounded, Casella slipped into his living quarters in the rear of the bar and grabbed his .22 caliber target pistol. As he emerged, he saw one of the robbers, later identified as Finley Mitchell Walker, 22, stationed at

the Presidio in San Francisco, come out of the ladies' restroom. He shot him in the chest.

Police arrested Andrew Flowers, 25, of Oakland, as he started out the door with \$329.87 in a paper bag. Also arrested was Eddie Ballard, 23, of Oakland. Walker was pronounced dead on arrival at Herrick hospital.

Albany police charged Flowers and Ballard with three counts of first degree robbery.

Local officers on the case were Sgt. Jim Harris, Patrolmen David Easley and George Phillips and Reserve Officer Jerry Talley. At 6:30 p.m. Sunday, only a few blocks away, police were called to the Contact Club, 665 San Pablo, where an argument over money resulted in bartender Nickolas Monro, 30, of Richmond, shooting two patrons.

He was charged with two counts of assault with a deadly weapon. (Continued on Page 4)

My Word!

CHARLES PINKHAM, president of the Board of Education, asking Albany residents to submit nominations for a member of the board to succeed Rae Volz, who has resigned effective Nov. 1. He would like written or verbal suggestions by Oct. 26. A woman would be desirable but is not necessary, the president said. "Rae has been the lone woman on the five-member board for nearly 11 years."

RIGHT NICE of the school board and Ken Forry to set the groundbreaking for new buildings at Albany High school at 1 p.m. Sunday just so we can attend. Check-in time at Kaiser hospital is 2 o'clock that afternoon for our Monday surgery. It's going to be wonderful to have such an important civic event as our last story to cover. Until we're back on the job in about six weeks.

HOW ABOUT that beautiful, big new sign above Mechanics Bank down by the Solano-San Pablo intersection? A smart addition to the business section.

UNDERSTAND THERE are stirrings in the Thousand Oaks portion of Solano Avenue to annex to Albany. It is now primarily Berkeley, although some pretty zany city boundary lines have created situations where the store is in Berkeley and the sidewalk out front is in Albany. If I ever gets "beyond" the talk stage, Oaks merchants would want Albany has the welcome mat that's a mile long and a mile wide.

TOMMY'S MARKET at Mason and Portland is now a pile of rubble and they're getting ready to tear down the building at Solano and Masonic where Don-Dels Beauty Shop was. The School Board is more than a little upset at Rapid Transit because they want a part of Cougar Field for their right of way.

District Governor Visits Albany Rotary Club

Albert "Fun" Jongeneel, 1965 Governor of District 516, Rotary International, paid an official visit to the Rotary Club of Albany yesterday.

The program for the day included a conference with President Jack Labadie and Secretary William Read of the local club, address at the club's meeting, another session of officers and committee chairmen at which projects for the year were discussed.

The District Governor, who has an office in July, has a long impressive list of both civic and professional accomplishments. He is a member of the Vista Rotary Club and was president in 1959-60. Prior to assuming the Governorship, he was Rotary representative for the central California area, which includes this community. He is intensely interested in Rotary's international activities and has traveled in almost every country in the world.

During the past four years he has been a member of the Rio Vista Council. He was Rio Vista's "Man of the Year" in 1963 and has been president of the Golden Empire Council of Boy Scouts, winning the Scouts' coveted Silver Beaver and Silver Antelope awards. He now serves as a member of Region 12 Executive Committee.

Jongeneel is active in state and national water studies. He is an American Field Service representative, past trustee of the Rio Vista Congregational Church and active in many fraternal and service organizations. His wife, Marion, is a past president and director of the Rio Vista Sorority and active in civic affairs on her own.

Rotary District 516 is made up of some 56 individual clubs, and extends from Yreka in the north to southern Alameda county in the south. From east to west it includes West Sacramento, and the city of Alameda on the west.

The international organization has grown from a small group of men together by the late P. Harris, a Chicago lawyer, in February, 1905. At this date it has a world membership of approximately 12,000 clubs, 600,000 members and 127 countries. In addition to many local projects, Rotary International supports a program of foreign exchange students, and has recently organized and sponsors "Interact" clubs for teen-age boys. In the past period the project has been successful, more than 700 boys

clubs have been formed in approximately 30 countries and 18,000 members. The clubs, while sponsored by Rotary International, are self-governing and self-supporting.

Rotary goals include:

1. Preserve what has proved to be good.
2. Discard what failed to succeed.
3. Modify what can be improved.
4. Extend what merits further development.
5. Introduce what was neglected in the past.
6. Initiate new plans and new activities.

County Dimes Chapter Wins National First

Alameda County chapter, National Foundation - March of Dimes, has received national first place for excellence in publicity and promotion for the third time in the four years the contest has been held.

The plaque was presented Oct. 8 at the Jack Tar hotel in San Francisco, where volunteers from the western states attended a two-day conference.

Compiled by Public Relations Director Dorothy Larimer, the 170-page book included more than 7,700 column inches of March of Dimes publicity printed in 28 newspapers in Alameda and Contra Costa counties.

Janice McVey was public relations director in 1962 when Alameda County won its first top prize. Mrs. Larimer was in charge of publicity when it won again in 1963.

In addition to her public relations post with the March of Dimes, Mrs. Larimer is editor of the Albany-Thousand Oaks Times in Albany.

Albany: Let's Grow Up

By Shirley Farr

What's one of the most inexpensive ways to make your home more appealing? What's the most effective way to improve the value of your property without spending vast sums of money and endless hours of work? The answer to both questions lies in tasteful landscaping. And the beginning to a good landscaping program is the planting of trees. But what type, where, how much, when?

Hill and Dale Women's club of El Cerrito has members who live in Albany. Over the past few years they have seen El Cerrito and Berkeley take tree barren blocks and transform them into truly beautiful and admired areas. Albany has many potentially attractive areas, but today there are no trees. Why? One of the main reasons has been the lack of a concentrated effort for tree planting. But now a plan and program is being prepared.

Only a few blocks will be selected for this pilot project. Selection will be determined on the basis of active citizen interest. Residents who request that they be considered and indicate they would like to have their block included will be individually called and details of the tree planting program will be fully explained including:

1. How much it might cost.
2. How the City of Albany might be willing and able to participate.
3. How these trees will look.
4. The type of tree best suited for the block.
5. Technical advice to be made available to each home owner.

In the weeks to follow specific illustrations will be cited showing what needs to be done to improve the attractions of our city. The individual resident will be given the opportunity to obtain recognition, and materially contribute to his or her community.

Interested? Contact Mrs. Eldon Parr, President of Hill and Dale, at 526-5847 or Bud Rooney of the Albany Recreation Department at 526-6116.

MRS. RAUL MIRANDA, wife of the handsome fire department captain, is a patient at Albany hospital. The fire ladders sent her a lovely bouquet.

WE MAY NOT have the most attractive Halloween window in town, but nobody else has a witch made of newspapers with lavender mats (molds for printing) for the face and feet. We think it turned out rather well.

MRS. JIM (GERE) ROBBINS of 339 Key Route Blvd. is back in Providence hospital with her eye difficulties. Jim said she'd probably be there most of this week.

LOTTIE MOODY SANDFORD is limping around town after turning her ankle on an Albany street. She's grateful to a woman who aided her, a teenager who informed the librarian and to former Librarian Betty Anger who called for the police. They took her to Herrick hospital. After hospitalization in Kaiser in Oakland, she recuperated at the home of friends for a few days.

FIRE CAPT. DICK McSHEEHY had his editorial woes when he took over as editor of the Lions Lampoon . . . he lost the copy for the edition, stripped the clutch in the mimeograph, tore

the stencil, called many Lions for information he thought they might have (and didn't), caught holy dickens from his wife for being so careless and on top of all that, feels lousy. (It's not exactly a bed of roses, is it Dick?)

SPEAKING OF THAT, we received a call from an Albany official who said, "I don't want to hurt your feelings, but your newspaper stinks." He was not, as we feared, referring to the editorial content, but to the "stinky ink." Our future orders for printers ink will specify Chanel No. 5 scent.

patrons were yelling at him. Police disarmed Montano.

Police said when the argument started, Phelps attempted to call police but Pareda prevented him from reaching the phone. A glass was broken and Montano produced the .45 caliber revolver. He warned Pareda and Labell not to move and when they ignored his warnings, the bartender began shooting.

COUNCIL

(Continued from Page 1)

The four years since the zoning ordinance was adopted, many businesses had and others were going to expand into the blocks east and west of San Pablo Ave. They said they did not want apartments to use up the only area available for expansion of the business district. Another point mentioned was that the general plan is almost ready for adoption and rezoning could wait.

Those speaking in favor of rezoning said property owners were hemmed in because the only thing they could do with their

property was to sell it to San Pablo Avenue businessmen. The lot in question has been unused since the city was incorporated, has not been purchased at reduced price by businessmen and would be attaining its "highest and best use" if an apartment house could be built there. In addition, a CE-4 zone may be used for either commercial expansion or apartments. Also stated was the fact that many similar blocks in the area are now zoned CE-4.

The announced public hearing on modification of the R-2 district in the Cornell school area was held with Mr. and Mrs. F. M. Cabral and a petition signed by 199 residents protesting anything above a duplex and John Nuefeld speaking in favor of triplexes. Introduced was the approval of the Planning and Zoning commission to allow triplexes. On the motion of Councilman Parker, action on the matter was held over until a full council is present.

Katie Jewett of Cambria Visits Local NDGW Parlor

Mrs. Katie G. Jewett of El Pinal Parlor 163, Cambria, Grand President of the Native Daughters of the Golden West, paid her official visit to Albany Parlor 260, NDGW last Wednesday evening at the Maccabee Hall, Albany.

Marshall Yvonne Walkup escorted the grand president to a seat of honor next to President LeVerne Kendall.

Marshall Walkup escorted and introduced Past Grand President Irma Caton, Argonaut Parlor 166, Oakland, and Lola Bredehoff, Sequoia Parlor 272, Berkeley, rep- uty grand president, to Albany Parlor.

"The Hymn to California" was sung by Past President Linda Henderson, who is the daughter of President Kendall.

Mrs. Jewett spoke about the

many projects of the Native Daughters home in San Francisco; the Father Serra statue soon to be erected in Sacramento; and the main project is to have every California born woman encouraged to join the Native Daughters. It is through the joint efforts of the Native Sons and Daughters that many historical landmarks throughout our Golden State have been preserved and marked with special plaques for our future generations and visitors to our state may see and enjoy.

The theme of the evening was commemorating Columbus Day. The grand president was presented with a monetary gift attached to a replica of Columbus' flag ship, the Santa Maria. The tables were decorated with smaller replicas of the ship.

Della Madding was chairman of the evening, assisted by Wemple Parker, Linda Henderson, Ynez Leigh and LaVerne Kendall.

Lynn Davis Has Lucky Streak

Lynn Davis, Albany's lady barber for men and inventor of various products, has received approval from the Food and Drug Administration for her Lan-Lyn hair restorer.

In addition, a Michigan company has offered her a franchise in 48 states for all 15 of her products, a distributor wants to represent her in 12 eastern states and FDA approved mail orders of her products.

She has a new product, Klam, an all-purpose ice which is a new concept in after-shave lotion. It is not on the market yet, but she has orders for 18 dozen jars from barber shops.

The same day she received the green light from FDA, Lynn won two television sets playing bingo at the Alameda Chief's club.

FESTIVAL OF NATIONS IN OAKLAND OCT. 23-24

The 10th biennial California Festival of Nations with a cast of more than 1,000 costumed "new Americans" from 28 nations will be staged for the public in the Oakland Auditorium Oct. 23 and 24, it was announced today.

Since 1948 the International Institute, a United Crusade agency, has sponsored the famed spectacular which features a gigantic ethnic stage show and an international village replete with exotic foods and worldwide exhibits.

Proceeds from the affair go to support the International Institute, bought and paid for from Festival funds during the past 17 years. The United Crusade's International Institute works 12 months of each year to provide personal services for foreign born "new Americans"—refugees, displaced persons and fresh arrivals—who seek to adjust to the American way of life.

Advance discount tickets are on sale at Sherman Clay, Breuners and the International Institute. Early purchase of tickets is advised; more than 10,000 persons fill the auditorium arena each year.

but PG&E rates are even lower today!

**Kohler Reminds
Of Holiday
Mail Deadlines**

Reminding us that Christmas
season is rapidly approaching,
Berkeley-Albany-Kensington post-
master, George B. Kohler, an-
nounced that the period Oct. 21-
Nov. 10 has been designated for
the mailing of Christmas parcels
by surface transportation to
members of our armed forces
overseas.

For airmail parcels the period
is Dec. 1-10. Greeting cards for
armed forces overseas should be
mailed within the periods desig-
nated for parcels if they are to
have a reasonable expectation of
delivery prior to Christmas.

He also announced that it is
time to get started on Christmas
parcel mailings to all foreign
countries. Surface parcels for
the Far East should be mailed
within the next few days; the
Near East and Africa by Nov. 1;
Europe and South and Central
America by Nov. 10. Air mail
parcels addressed to foreign des-
tinations should be mailed not
later than Dec. 10.

Postmaster Kohler advised that
all articles should be packed in
boxes of wood, metal, solid fiber-
board, or strong double-faced
corrugated fiberboard. All fiber-
board boxes should be securely
wrapped in heavy paper which
materially strengthens the pack-
age. Each box should be well
tied with strong cord. Unless
completely packed and tightly
filled, boxes are likely to be
crushed. Sufficient cushioning
material should be used to pre-
vent any rattling or loosening of
articles within the package.

A slip showing list of contents
and addressee should be enclosed
in the parcel. Customs Declara-
tion, completed by the senders
are required on parcels addressed
to many destinations for armed
forces overseas and to all foreign
countries in general. Patrols are
advised to check with local post
offices for information concern-
ing these declarations.

**Spaghetti Feed

Unlimited for Retarded Children

dinner will be from 6 to 8 p.m.
at Thousand Oaks Masonic Tem-
ple, Colusa and Catalina Ave.,
Berkeley. Donations are \$1 for
adults and 50 cents for children.
Donations will go towards the
purchase of a camp for mentally
retarded children.

Membership in the organization
is open to anyone interested in
the welfare of handicapped chil-
dren. Inquiries on any aspect of

<p>"HEADACHES" Dr. Graeme F. Joyce Chiropractor Headaches that persist or re- occur frequently are danger sig- nals that something is amiss. Masking the pain with aspirin or pain killers may seem an easy way for relief; however, if the trouble is not corrected, related symptoms begin to appear. Us- ually the headachiness that used to present themselves in different areas begin to localize in one area or one side of the head, and the patient's illness is diagnosed as a migraine headache. After extensive examinations for tu- mors, past fractures and other problems, the patient begins to believe that they just have to live with it. Specific Chiropractic care has been able to find the cause and correct it in many of these cases. If you have persis- tent headaches, investigate Chiro- practic care. Tuesday night, Oct. 26, at 7:30 is Back to School Night at Vista primary.

All Vista parents are invited to come to the Kindergarten Room to meet their child's teacher as well as representatives of the Board of Education and school administration.

Mrs. Clark Schmidt will handle registrar hospitality duties.

Mrs. Charles Tronoff, president of Vista PTA, strongly urges all

"Back to School Night will help parents to better understand what the school is trying to accomplish through its present methods and curriculum, why certain subjects are included or excluded, why certain techniques and procedures are different from those of the past, why certain rules are established for the control of conduct, etc. Back to School Night offers parents the prime opportunity of studying their job—hence, our program theme for the year, 'When Parents Study Their Job.'"

HOW TO AVOID PIGEON DROP RACKETEERS

An Albany woman was recent-
ly victimized by pigeon drop rack-
eteers, who escaped with more
than \$300 of her savings.

In order to avoid a repeat of
this crime and to aid the Albany
police department in arresting
those who specialize in this op-
eration, Police Chief Ralph Jen-
sen has issued the following
statement:

Be wary if you meet someone
who shows you a bundle of mon-
ey he says he has found, says
he or she will divide it with you

and ask you to show good faith
by putting up your money.

Be wary of a phone call from
a person who claims to be an of-
ficial of your bank asking you
to cooperate in trapping a thief
by withdrawing a large sum of
money from your account. This
is usually followed by an expla-
nation that a Pinkerton or bank
detective will come to your home
to pick up the money because it
is too large a sum to keep at
home overnight.

If these or any request is made
to you to withdraw money, im-
mediately inform the police and

Letters

Dear Miss Wilson:

Members of the Alameda coun-
ty chapter, National Foundation,
March of Dimes, are grateful to
the Times for its help toward
our winning the first prize plaque
for 1965 publicity among the 3,030
chapters throughout the nation.

We are extremely proud of this
honor but we know that much of
the credit must go to the papers
of Alameda county.

Again, thank you for your
splendid cooperation.

Yours truly,

Alaskan Wildlife High 12 Topic Friday

"Alaskan Wildlife" will be the subject of an address by Col. John L. Farley at the noon luncheon of the Albany Hi-Twelve Club on Friday, Oct. 22, at Kirby's, El Cerrito Plaza.

The speaker will tell some little-known facts about the life histories of fur seals, salmon, king crabs and other fascinating Alaskan wildlife. Colonel Farley was Director of the U.S. Fish and Wildlife Service in the Eisenhower Administration. Alaska is a sportsman's paradise providing some of the best fishing and hunting in the world. Fish and furs are also important to the economy. Management of the fisheries and wildlife is essential, especially in Alaska where international treaties must be administered.

Colonel Farley was executive officer of the California Fish and Game Commission prior to World War II. In 1941 he went to Alaska for three years with the Army. During that service he travelled extensively to all parts of Alaska with unusual opportunities to study the wild life. After the war he was appointed by the Secretary of the Interior to his post with the U.S. Fish and Wildlife Service. He will be introduced by Col. Samuel Dows.

The Society cordially invites every one to come to the Sunday and Wednesday services. All children are invited to come to the Sunday School which meets every Sunday morning at 11 o'clock.

"If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

These words of Paul to the Corinthians will be the Golden Text for a Bible lesson on how spiritual renewal leads men to the discovery of their real identity and eternal being. The thought is brought out in these lines from the Christian Science textbook: "Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 492). Sunday's subject is "Probation After Death."

Grace Lutheran Church, Santa Fe and Ward Ave., El Cerrito, Oct. 24: Services at 8:15 and 11 a.m.

Pastor O. R. Janke will deliver the message entitled "The Christian Perspective." Parish Bible class and Sunday school, 9:30 a.m. Nursery facilities are provided during the 11 a.m. service.
